SIG SAUER ACADEMY MAP

A MESSAGE FROM TREVOR BAUCOM

Welcome to the 2025 Adaptive Defensive Shooting Summit!

We gather for our seventh year at the SIG Sauer Academy. Some of you have been here every year, others are experiencing this event for your first time. My goal and the goal of my staff is for you to have an enjoyable experience and to build your skills safely.

Use the training time to build your skills. The course of instruction was chosen due to the achievability of the skills that will allow anyone to shave time off their score regardless of experience level.

Please be sure to fill out the thank you cards for our sponsors. They are critical, these companies are constantly asked to support many different events and charities, yet they seldom receive any appreciation and thanks for their support. In addition, when you make selections on future purchases, please remember to support our sponsors.

Have a great time

-Trevor

A MESSAGE FROM THE MATCH DIRECTORS

Welcome to the Adaptive Defensive Shooting Summit!

On behalf of the Match Directors, Jason Beam and Tom Dunham, a most heartfelt thank you to competitors, coaches, volunteers, and sponsors, for attending and participating in the Adaptive Shooting Summit. ADSS is more than a match; it's a training ground and a community. Over the next few days you'll sharpen fundamentals, pressure-test your decision-making, and pick up practical skills you can take home. Just as important, you'll do it alongside people who are generous with their time, knowledge, and encouragement.

Lean into the coaching, ask questions, share what you know, and celebrate the wins—big and small. The teamwork and camaraderie among participants, staff, and volunteers is what makes ADSS such a unique and welcoming experience.

Train hard, be safe, help each other, and have fun. We're glad you're here!

Jason Beam & Tom Dunham
Match Directors

FOLLOW THE FOUR

Know and remember the four rules of gun safety. It could save your life or someone else's.

1. Treat all firearms
as if they are loaded

2. Never point the
muzzle at anything
you are not willing to
destroy

3. Keep your finger
off the trigger until
your sights are on the
target and you are
ready to fire

4. Be sure of your
target and what's
beyond it

SAFETY IS EVERYONE'S RESPONSIBILITY

SIG SAUER[®] ***ACADEMY***

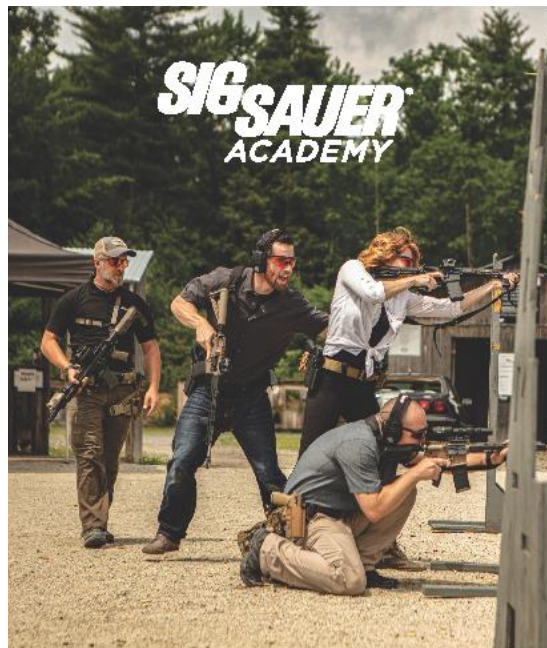

SPECIAL THANKS

A very special thanks to the Sig Sauer Academy. Their sponsorship and generous support allows us access to their world-class facilities and instructors.

The staff has been instrumental in ensuring that the 2025 Adaptive Defensive Shooting Summit is safe, educational, and fun.

SIG SAUER[®] **ACADEMY**

With its team of world-class instructors, the SIG SAUER Academy provides the finest firearms and tactics training available today. Our nearly 150-acre, state-of-the-art facility offers endless opportunities to train in a variety of disciplines and environments that help you prepare for any situation. The SIG SAUER Academy and its staff of quiet professionals are committed to the promise of improving the skills of everyone who trains with us, guaranteed.

COMPETITION RULES

GENERAL

- Hearing and eye protection is required to be worn at all times by everyone.
- Cold Range- Firearms will be cleared and holstered between stages. Competitors will only handle firearms under the direction of a safety officer.
- Safe Tables may not be available, only handle firearms under the direction of a safety officer.
- Muzzle safe points, unless marked, are the limits of the backstop and vary range to range.
- Additional safety rules will be governed by the specific range/bay requirements, each stage will have a walk-through brief addressing any safety concerns and the course of fire.
- IDPA Range commands will be used.
- Concealment is not required; however, it is encouraged.
- Reloads – Shall only be required on classification stages. All magazines shall may loaded to capacity unless directed lower by the stage brief.
- Shooting unauthorized targets will result in a match disqualification.
- Unsafe gun handling will result in a match disqualification.
- Match Director will verify all disqualifications, will lead the arbitration team and will make final rulings on all challenges.

TARGETS & SCORING

- Reactive steel must fall or swing out of competitor's view, remaining steel is a miss.
- Scoring will follow the rule set of the target type used on each stage (IDPA, PCSL, or USPSA), including all standard penalties (misses, points down, no-shoots, etc.).

EQUIPMENT

- Any IDPA or USPSA production legal firearm may be used.
- Calibers allowed: 9mm, .40S&W, 357SIG, .45ACP. (limited to available frangible ammunitons) Ammunition, No minimum power factor requirements, no steel or solid copper core. Frangible ammunition will be issued for use on the Academy indoor pistol range.

EQUIPMENT CONT'D

- Iron, laser and carry optic sights may be used.
- Holsters, IDPA or USPSA production legal with the following exceptions that are strictly prohibited: Shoulder/chest, Cross-Draw, Appendix, Small of the Back, Inside the Waistband, Fanny-Pack, Soft sided holders and holsters that do not fully cover the trigger guard. MD has final approval.
- Mags/Mag Holder, any type, minimum of three magazines are required for the event.

ADDITIONAL ITEMS

- This is a lost brass match.
- Alcohol and drugs are prohibited on the property. This includes prescribed narcotics (i.e., Percocet, Vicodin type drugs,) and marijuana regardless of its legality in the state.
- Participants must not be under the influence of any substances, including drugs or alcohol, that could impair their judgment, physical abilities, or performance during the event. Any participant found to be impaired will be immediately disqualified for safety reasons. This rule ensures the safety and fairness of the competition for all involved.
